

## GAME RULES

- Before playing, cut the dice and players out and assemble them with tape or glue.
- This game can be played by 2, 3 or 4 players.
- Each player chooses a colour to represent.
- During each player's turn, the dice is rolled. The colour that the dice lands on indicates which loris will advance by 1 square. If the dice falls on a blank, no loris moves. Each player may roll the dice once before passing their turn.
- The player whose colour reaches the Calliandra flower at the top of the board first is the winner.
